High Quality Content by WIKIPEDIA articles! Ohau B is a power station operated by Meridian Energy in the South Island of New Zealand. It is a twin station with Ohau C and is part of the Waitaki hydro scheme which consists of eight power stations operated from a control centre near Twizel. Water from Lake Ruataniwha flows through Ohau B, then Ohau C and then through to Lake Benmore. Meridian Energy Limited is a New Zealand state-owned electricity generator and retailer. The company generates the largest proportion of New Zealand's electricity: 27% in 2008[2], and is the fourth-equal largest retailer, with 183,000 customers (12% market share) in 2008.
