When life throws Samantha a curve ball in the form of an ancient Lykae warlord bent on marking her as his - what's she going to do? Run like hell? Oh, yeah, that so worked the first time around. With Derrick hot after her tail, Samantha discovers being the hunted just might not be as bad as she thought. Derrick is a warlord hardened by centuries of battle. Now that he's free from years of torment, he discovers his mate. Only his beautiful little half wolf is as determined to deny him, as he is to claim her.

As the battle to keep her safe intensifies, Derrick faces the biggest fight of his life: winning Samantha's heart and keeping alive long enough to claim her. Together they just might tame each other.
