Was Jesus a Nazi? During the Third Reich, German Protestant theologians, motivated by racism and tapping into traditional Christian anti-Semitism, redefined Jesus as an Aryan and Christianity as a religion at war with Judaism. In 1939, these theologians established the Institute for the Study and Eradication of Jewish Influence on German Religious Life. In *The Aryan Jesus*, Susannah Heschel shows that during the Third Reich, the Institute became the most important propaganda organ of German Protestantism, exerting a widespread influence and producing a nazified Christianity that placed anti-Semitism at its theological center. Based on years of archival research, *The Aryan Jesus* examines the membership and activities of this controversial theological organization. With headquarters in Eisenach, the Institute sponsored propaganda conferences throughout the Nazi Reich and published books defaming Judaism, including a dejudaised version of the New Testament and a catechism proclaiming Jesus as the savior of the Aryans. Institute members--professors of theology, bishops, and pastors--viewed their efforts as a vital support for Hitler's war against the Jews.

Heschel looks in particular at Walter Grundmann, the Institute's director and a professor of the New Testament at the University of Jena. Grundmann and his colleagues formed a community of like-minded Nazi Christians who remained active and continued to support each other in Germany's postwar years. *The Aryan*

Jesus raises vital questions about Christianity's recent past and the ambivalent place of Judaism in Christian thought.
