In biblical terms, mantle is the equivalent of legacy. Henri's Mantle takes its name from the mantle that fell from Elijah to Elisha, passing on spiritual strength and wisdom. Henri Nouwen's mantle consists of more than 40 books -- many on how to cultivate a spiritual life -- that he has passed on to his readers. Glaser, a student and friend of Nouwen for over 25 years, interprets Nouwen's sacred writings and presents 100 meditations on his words, in the hope that Nouwen's ministry will continue to thrive. Glaser covers a wide range of topics that will uplift and encourage spiritual seekers, and the result is a touching, accessible book on the inner struggles of the spiritual life. Each meditation is divided into a portion of Nouwen's writings, a reflection on Nouwen's insights, and a brief prayer.
