Yandi extended her hand out the window. The handshake was one of the many moves she used to determine what type of profession a man was in. Hard, callused hands meant hard labor, while soft, smooth hands meant he had a staff and didn't have to lift a finger. This brother's hands were soft and smooth as a baby's bottom, which made Yandi put another check by his name. <http://amzn.com/B00E5TYLW0>
