‘Undaunted’ is the story of former Confederate Cavalry Officer, Captain Thomas Jefferson Fortner. After the War Between the States and the beginning of Reconstruction, Tom went West to Colorado for a new beginning. There, he started over as a Sheriff, and then as a farmer and rancher.

He found a wife, friends, and now has a family and a place in the community.

In 1877, he finds the opportunity to make his fortune; a cattle drive to supply the Army in the Montana Territory. However, a new adversary stands in his way. A ruth and powerful cattle baron that always gets what he wants, and always defeats his opponent. But he has never before faced as determined an enemy as Tom Fortner.
