An unexplained murder... A life spiraling out of control... A wall of evidence mounting against an innocent man... When Mick Kline awakens in a woman's empty apartment, he has no idea how his life is about to change.

Suddenly he is the prime suspect in a murder case. And his estranged brother may be his only link to the truth. As Mick runs from the police - and his past - he finds himself entangled in the dangers of life on the run. Only God knows the truth. And only God can truly set him free...
