The author of THE WORLD OF NULL-A, SLAN, and THE WEAPON MAKERS, brings to this collection the same sort of unforgettable "nova" concepts and the same surprises that have put him consistently among the top-selling science-fiction names. Here are interplanetary adventures such as THE FIRST MARTIAN, THE EARTH KILLERS, and FULFILLMENT. Here are fantasy stunners as THE SHIPS OF DARKNESS, here are the unclassifiable "specials" such as THE ULTRA MAN, THE REPLICATORS, and THE CATAAAAA. And more! THE FAR-OUT WORLDS OF A.E.
