[...] "Put some bread crumbs on top of the barrel, Willis, and see if he can peck it off," suggested Mary Van in baby treble.

The Langshan seemed to understand, for he watched Willis with interest as he crumbled the bread; and after due consideration, and with an almost human scorn towards the hens, measured his steps to the barrel, and stretching his long neck, removed every crumb from the top. After this he slowly raised one foot as though to return to the company of hens, but changing his mind, stood with the foot poised in air and one eye apparently fixed upon Phyllis.[...]."
